# General standing orders for conference

1. These standing orders shall be read in conjunction with the constitution of the union. If there is conflict on meaning then the constitution shall prevail. **They should also be read in conjunction with guidance to be distributed on the manner in which conference 2020 will be managed.**
2. The Standing Orders Committee shall recommend the timetable for Conference and the order in which motions and amendments submitted shall be taken. When the time allotted to a group of motions has elapsed, the chairperson shall allow the debate in progress to finish. S/he shall then proceed to the next group of motions, thus guillotining any remaining motions in the current section. Such guillotined motions may be taken up by the chairperson later in Conference as time permits. Otherwise they are automatically referred to the appropriate executive committee.
3. Unless otherwise decided by Conference, only one motion may be before Conference for discussion at any time.
4. Individual motions and amendments should be proposed by a speaker from the appropriate executive committee or from the branch which gave notice of the motion or amendment. Where no delegate of that branch is present, the motion may be proposed by any other member of Conference. In the case of motions in common debate, all motions and amendments shall be deemed to be formally proposed, unless the Conference has been given advance notice that the proposer of a motion or amendment does not wish it to be proposed. There is no requirement for any motion or amendment to be seconded. Once the agenda has been adopted, motions may only be withdrawn with the agreement of conference.
5. Only members of conference as defined by Rules 16(i) and 20(ii) of the equivalent grade committee representatives as defined in Rule 25(ii)(e) of the Constitution may address conference<sup>1</sup>. This rule shall not preclude the Standing Orders Committee from making recommendations to conference, which shall be considered immediately by conference.

<sup>1</sup> In accordance with rule 20(iv) and with the exception of the casting vote of the conference chairperson, only delegates and members of the National Executive Committee may vote at conference.

6. Unless otherwise agreed by conference, no member shall address conference unless s/he is proposing or speaking to a motion or amendment or
  - i. is raising a point of order; or
  - ii. is raising a point of fact; or
  - iii. is delivering the chairperson's address.
7. All speakers should address conference only when asked to do so by the chairperson, and should announce her/his name and branch or committee. The proposer of a motion shall speak for not more than four (4) minutes, and all other speakers shall have not more than three (3) minutes. Members of the relevant Executive Committee and members of staff will be limited to three (3) minutes when clarifying points or answering questions.
8. Where several motions and/or amendments submitted deal with the same topic, Standing Orders Committee may produce a composite or comprehensive motion. If it is not possible to do this, there may be a common debate on the issue covered by the group of motions and/or amendments. The first speaker on behalf of the proposing branch or the first speaker on behalf of the DEC in the case of motions proposed by the DEC shall be deemed to be the proposer of the motion. Each proposer shall have a maximum of four (4) minutes. In the subsequent debate, no-one may speak more than once, but each speaker may refer to any of the motion(s)/amendment(s) then before conference, up to a maximum of three (3) minutes. Proposers of motions taken in common debate shall, subject to the discretion of the conference chairperson, have the right of reply but only in respect of the motion proposed by her/him and the right of reply shall be strictly confined to answering previous speakers on that motion and/or where clarification has been sought and the proposer shall not introduce any new matter into the debate. When the chairperson is satisfied that sufficient time has been allowed for debate, each motion and/or amendment shall be voted on separately in accordance with the relevant Standing Orders Committee report.
9. Amendments to amendments may not be moved, even under the terms of Rules 17(ix) and 21(ix) of the constitution.
10. Except as otherwise provided, no member of conference shall speak to a motion more than once. For the purpose of this standing order, an amendment to a motion and a motion which has been amended shall each be considered to be a new motion.

11. Subject to the discretion of the conference chairperson, the proposer of a substantive motion, not in common debate, shall have a right to reply immediately before the motion is put to conference, provided that opposition has been expressed or clarification has been requested. However, the right of reply shall be strictly confined to answering previous speakers on that motion and/or where clarification has been sought and the proposer shall not introduce any new matter into the debate. The proposer of an amendment shall not have a right of reply.
12. The following types of motion may be moved at any time:
  - i. Motion to “refer to the National Executive Committee or Divisional Executive Committee.” The chairperson of conference will then ask the proposer of the motion or amendment if s/he agrees. If not, there will be a short debate on the motion to refer, before conference decides the issue by voting. If the motion to refer is defeated, the original debate will continue.
  - ii. Motion “that the question be now put.” This motion may only be put to conference if the chairperson is satisfied that a reasonable amount of time for debate has been allowed. If the chairperson is so satisfied, the motion shall be put without discussion.
  - iii. Motion “that conference proceeds to next business.” After this motion has been moved the proposer of the motion/amendment under discussion has the right to speak briefly against the procedural motion, which shall then be put without further discussion. If it is defeated, debate shall continue on the original motion/amendment.
  - iv. Motion to “suspend standing orders.” Such a motion shall state the purpose and period of time for which standing orders shall be suspended. This procedural motion must be passed by three-quarters of the delegates present and voting to be adopted.
13. If two or more members of conference wish to speak, the chairperson will call on the members whom s/he first observes, except that when a member of the Standing Orders Committee proposes to speak, s/he shall be the next to speak.
14. If, in the opinion of the chairperson, grave disorder has arisen, s/he may at her/his discretion, adjourn the meeting for a specified time.
15. Mobile phones may not be used while conference is in session.
16. No literature, other than conference documents – agenda, minutes and reports – may be circulated to the conference without the express advance approval of conference by a simple majority of delegates present and voting.

# Standing Orders Committee Report No.4

**This report is a consolidated report reflecting the provisions of Standing Orders Committee reports nos. 1, 2 and 3.**

## 1. Introduction

This report must be read in the context of the following:

The provisional final agenda for Conference 2020 issued to Branches on 29 April 2020 which incorporated Reports 1 and 2 of the Standing Orders Committee.

The General Secretary's letter of 31 July to Branches advising that due to public health guidelines the NEC had decided that Conference 2020 would be a "remote" conference.

The General Secretary's letter of 11 August 2020 outlining arrangements for conference and inviting branches and the NEC to consider submitting motions in accordance with the provisions of rule 21 (ix) of the union's rules.

The preliminary agenda for Conference 2020 issued to Branches on 21 September 2020 which incorporated Report No. 3 of the Standing Orders Committee

## 2. Motions outlines in the provisional final agenda (29 April 2020)

Standing Orders Committee Reports number 1 and 2 as outlined in the provisional final agenda provided as follows:

*In view of the unique circumstances, the Standing Orders Committee is proposing the following approach to the business of conference.*

*Each branch and the NEC is asked to review the motions they have submitted for the conference, as recorded in this agenda, with a view to withdrawing those motions which have been overtaken by events; those which are no longer of immediate importance to branches or the NEC and those which could, in any event, be taken into consideration by the NEC as issues which could potentially be advanced at an appropriate time without the necessity for discussion at conference.*

Aside from reviewing the motions submitted in the name of the NEC for the conference, the Standing Orders Committee asks that the NEC review the motions submitted by branches and identify those which it can take on board and seek to advance without the necessity for discussion at conference. Any such motions, which have not been withdrawn by branches, will not require debate or decision at conference. The NEC is asked to consider this issue in as timely a manner as possible having regard to current circumstances.

Motions listed in Appendix 2 (Appendix 3 of the preliminary agenda) as being appropriate for discussion at Divisional Conferences should now be referred to divisional DEC's for consideration and action. They will not appear on any revised agenda for the delegate conference. (Motions 190 to 225 refer).

Motions listed in Appendix 3 (Appendix 4 of the preliminary agenda) as motions reiterating existing union policy and which don't require decision should **now** be referred to the NEC for consideration and action. They will not appear on any revised agenda for the delegate conference. (Motions 226 to 300 refer).

Motions listed in Appendix 4 (Appendix 5 of the preliminary agenda) as having been received late, (as corrected in this report) are not eligible for discussion or debate and will not appear on any revised agenda for the delegate conference. (Motions 301 to 329 refer).

As indicated previously, the Standing Orders Committee is mindful that rule 21 (ix) of the union's rules, dealing with motions which could not have been included in the final agenda, may present an opportunity for branches and the NEC to ensure that the conference in November can focus on the major issues of importance to the union membership.

Ordinarily, the provisions of this rule would be regarded as having a restricted application but, in the current emergency circumstances, and those alone, the SOC is of the view that branches and the NEC should be permitted to utilise the provisions of the rule to deal with the circumstances arising from the requirement to postpone the date of Conference.

Branches who wish to consider submitting motions under the provisions of this rule will be invited to do so by the General Secretary in accordance with the timetable specified subsequently in this report. It is not envisaged that branches would submit any more than one such motion. Any such motions should reference events that have occurred since the final date for receipt of motions - 26 February 2020

The Standing Orders Committee has been advised that the NEC will review the motions submitted by branches and identify those which it can take on board and seek to advance without the necessity for discussion at conference.

The Standing Orders Committee has been advised that motions listed in the provisional final agenda as being appropriate for discussion at Divisional Conferences have been referred to divisional DEC's for consideration and action.

The Standing Orders Committee has been advised that motions listed in the provisional final agenda as motions reiterating existing union policy and which do not require decision have been referred to the NEC for consideration and action.

The Standing Orders Committee recommends that a report be circulated by the NEC on the status of actions taken in relation to these motions no later than 3 November 2020.

The Standing Orders Committee notes that the arrangements for conference were outlined and discussed at a meeting of the union's consultative council on 22 October 2020.

### **3. Motions received under Rule 21(IX) of the union's rules**

The deadline specified in the provisional final agenda for the receipt of motions under rule 21 (ix) of the union's rules was **12 noon Tuesday 1 September 2020**.

Twenty one (21) motions were received by the deadline specified. One motion (1) was received after the deadline and while appended below is not being included in the preliminary or final agenda.

### **4. Motions considered to be out of order**

Of the twenty one motions (21) submitted on time twelve (12) are considered as out of order. In each case the reason for this is that the subject matter of the motions concern issues capable of having been covered by motions of which timely notice could have been given. As such, they do not concern issues which have arisen since 28 February 2020.

## 5. Amendments received

A total of three amendments were received by the deadline specified in Standing Orders Committee Report No. 3. One of these amendments referenced the terms of a motion which had been included in the provisional final agenda but that motion had not been included in the final agenda. No amendments were received late.

## 6. Motions covered by other motions

Motion 2 covers motion 5. In the event that motion 2 is adopted it should be deemed to cover motion 5 which will not then need to be proposed.

Motion 6 covers motion 7. In the event that motion 6 is adopted it should be deemed to cover motion 7 which will not then need to be proposed.

## 7. General standing orders

The SOC recommends that the General Standing Orders be adopted.

## 8. The members of the Standing Orders Committee are:

Civil Service Division	Larry Dunne Helen Lundy
Education Division	Eileen Coman Audrey Warren
Health & Welfare Division	Gerry Foley (Chairperson) Jennifer Verling
Local Government & Local Services Division	Rose Marie Conroy (Returning Officer) Stephen Murphy
Municipal Employees' Division	Thomas Kavanagh Michael Kieran
Services and Enterprises Division	Anna Farrell Teresa Kearns (Vice-Chairperson)

Where branches or the NEC have queries or wish to seek changes to General Standing Orders or to SOC Reports they are asked to raise these in writing ([soc@forsa.ie](mailto:soc@forsa.ie)) with the SOC as soon as possible and in any event not later than one week prior to conference.

## 9. Nominations

The nominations received by the deadline in Rule 21 (v) were set out in Appendix 5 of the provisional final agenda.

The SOC notes that the elections have proceeded by postal ballot. Conference will be asked to ratify the outcome of the electoral process. The Chairperson of SOC will be present at the election counts along with the Returning Officer.

## Conduct of Union Affairs

### Motion 1 – National Executive Committee

Conference notes that:

1. In March 2020, Fórsa sought and received legal advice on the question of the deferral of the 2020 National Conference in light of the extraordinary circumstances of the Covid-19 public health emergency
2. The legal opinion was that the National Executive Committee (NEC) had powers, under rule, to defer the 2020 National Conference until a date in the second half of 2020
3. On 25th March 2020, the NEC received a proposal from the union officers to defer the conference to dates in November 2020. The NEC subsequently approved the proposal in a vote conducted by email.
4. The General Secretary advised Fórsa branches of the decision to defer Conference in a letter sent by email on Thursday 19th March 2020
5. On foot of continuing and extraordinary coronavirus-related public health restrictions on travel, public gatherings, and related matters, the 27th July 2020 meeting of the NEC subsequently decided that it was permissible under rule to organise the 2020 National Conference on a remote basis, and to conduct the 2020 election of officers by secure postal ballot. The NEC agreed to both measures
6. The Fórsa officers subsequently agreed that the conference would be a one-day event, to take place on Thursday 19th November 2020
7. The General Secretary informed branches of the details of the arrangements for the remote conference and secure postal ballot in an emailed letter of 11th August 2020.

In light of this, Conference ratifies:

1. The decision to defer the Fórsa National Conference to the second half of 2020
2. The decision to conduct the conference on a remote basis on Thursday 19th November 2020

3. The decision to conduct the 2020 election of the Fórsa officers by secure postal ballot on the basis set out by the General Secretary in his letter of 11th August 2020, and
4. The decisions made by the NEC to manage the affairs of the union in the period between Friday 15th May 2020 and Wednesday 18th November 2020

Conference also enables the NEC to take further decisions necessary to protect Fórsa members and ensure the safe conduct of union business in the context of the pandemic.

## Covid-19 response

### Motion 2 – National Executive Committee

Conference expresses its deep solidarity with all workers, families and communities touched by the Covid-19 virus, here and abroad. Conference salutes the staff in all areas of the public, private and community sectors who rose to the many challenges presented by the pandemic, often in the face of risk to themselves and their families.

Conference reaffirms the union's commitment to cooperate with measures necessary to contain the virus, protect the health and safety of citizens and workers, and maintain essential services during this unprecedented public health emergency.

Conference commends Fórsa's and ICTU's rapid and effective intervention, which led to the negotiation of the Covid-19 Return to Work Safety Protocol, which applies to all workers regardless of their work location during the pandemic. By placing detailed and clear responsibilities on employers and staff, the Protocol hugely strengthened worker safety protections and saved lives by helping control the spread of the virus.

Conference also acknowledges the contribution of workplace 'lead safety representatives,' who have taken on substantial responsibilities on behalf of their colleagues, along with other workplace health and safety representatives, branch activists, and health and safety professionals.

Conference calls on the Government to oblige employers to report workplace-related Covid-19 outbreaks to the Health and Safety Authority (HSA), and to instigate a national assessment of the health and safety response to the pandemic, involving consultation with all relevant stakeholders, to ensure that health and safety powers and provisions – including the numbers and powers of HSA inspectors – are strengthened and adapted as necessary.

Conference also commends the staff of the HSE and other public health agencies for their response to the crisis, and calls for increased investment in health services and staffing to enable the delivery of high-quality health and social care provision, free at the point of delivery, in the Covid-19 era and beyond.

Conference instructs the National Executive Committee to redouble its campaigning efforts against the many injustices and inequalities – including in health, housing, education, childcare, and provision for migrants, older people and younger people – that have been laid bare by the pandemic.

### **Motion 3 – Probation Officers’ Branch**

The Covid 19 pandemic has highlighted the importance of coherent, efficient and accessible health care for everyone. Furthermore it has shown us that joined up thinking and provision based solely on need is possible when the political will is there to provide it. Fórsa believes in the principle of health care for all, based on need, funded through central taxation and free at the point of use. Fórsa will campaign to bring about the establishment of an all-Ireland National Health Service. This will be a high profile campaign and will involve working with the ICTU with appropriate political parties and with other relevant professionals and agencies who share or who can be persuaded to share the objective.

### **Motion 4 – Probation Officers’ Branch**

Fórsa recognises the emphasis placed by Government on addressing the problems of homelessness and rough sleeping during these early stages of the Covid 19 pandemic. Whereas the situation has been far from perfect, it is clear from the policy response to Covid 19 that if the political will existed to do so, the phenomena of “rough sleeping” could be properly and permanently addressed as could all other aspects of the current housing

crisis. Fórsa recognises that in a world focused on the effects of this pandemic, the attention of many people is now on what people should expect the society in which they live should look like in the future. With that renewed focus in mind Fórsa asserts the right to decent housing for all people and will campaign for; increased capacity and improved standards of emergency accommodation, improved resourcing for social work and support services for people in housing difficulty, a comprehensive programme of building and acquiring local authority housing and a shift in public funding from a model based on private landlordism to a publicly funded and democratically accountable system of housing provision. Fórsa has within it many members working in and around the housing field and these members will be consulted and involved in any campaigning and lobbying on the issue.

### **Motion 5 – Higher Education Branch**

The Higher Education Branch call on Fórsa to advocate and promote measures in relation to the health, safety and wellbeing of its members in the workplace as a result of these unprecedented times

Withdrawn  Amended  Carried  Not Carried  Remitted

## **Jobs and pay**

### **Motion 6 – National Executive Committee**

Conference calls on the Irish Government and its counterparts across Europe to prioritise the creation and maintenance of quality jobs, capable of supporting decent living standards, as the central plank of economic and fiscal policy in the wake of the Covid-19 health and economic crisis. Only after a return to full employment should Irish and EU policy address the public debt that has arisen from the emergency, and this should be done without a recourse to failed ‘austerity’ policies.

Conference, therefore, calls for:

1. The maintenance (or reintroduction) of substantial Government spending on income supports at levels that can sustain individuals and families

2. Supports for business sectors most affected by the crisis, linked to the broader objectives of rebuilding and expanding employment capable of supporting decent living standards and underpinning workers' rights including the right to representation through collective bargaining, and
3. Job-creating State investment in infrastructure, a just climate transition, and high-quality public services including health and housing.

Conference notes that economic recovery depends on workers and their families having the capacity and confidence to earn and spend money in order to stimulate economic activity. Conference, therefore, directs the National Executive Committee to:

1. Work to ensure the restoration and improvement of pay in sectors of the economy that have experienced cuts in jobs, incomes and output during the crisis
2. Reinforce its campaign for pay justice in the community and voluntary sectors where, once again, workers have demonstrated their commitment and contribution throughout the emergency
3. Continue to work with other unions and organisations to address the gender pay gap, and
4. Seek to negotiate a successor to the Public Service Stability Agreement (PSSA), in order to satisfactorily address living standards, outstanding issues linked to the fiscal crisis of 2009-2013, and issues arising from the response to the Covid-19 emergency, while having the capacity to deal with specific grade and sectoral issues over time.

### **Amendment - EASP Executive Grades**

To add "to include a pay increase" in point 4 which would read as:

4. Seek to negotiate a successor to the Public Service Stability Agreement (PSSA), to include a pay increase, in order to satisfactorily address living standards, outstanding issues linked to the fiscal crisis of 2009-2013, and issues arising from the response to the Covid-19 emergency, while having the capacity to deal with specific grade and sectoral issues over time.

## Motion 7 - Probation Officers' Branch

Fórsa asserts the right of all workers to be treated with fairly and paid adequately. This right is a minimum standard upon which to base the future progress in the world. The Covid 19 pandemic has rightly focused attention on what are the important roles needed for society to function effectively for all of the people. During the pandemic to date it has become increasingly evident that workers in the most fundamentally important roles are often the workers experiencing poor working conditions, insecurity, lack of effective employment rights and pay that is too low to live on. This includes many workers caring for vulnerable people, workers in the supply chain for food and goods, retail workers, cleaning and maintenance workers and many others. Fórsa will campaign with others for changes in law, regulations and practice to bring about a society where the value of key worker roles is properly valued and acknowledged. As a starting point we will aim to establish a situation where all workers are paid at least a minimum living wage, have basic health and safety measures monitored and enforced, have the right to defined contracts of work hours, sick pay, paid holidays, leave for family related matters and the right to organise and be represented by a Trade Union.

## Amendment - EASP Executive Grades

To include "and have the right to access social welfare schemes and services" at the end of the motion.

Withdrawn  Amended  Carried  Not Carried  Remitted

## Reducing and reorganising working time

### Motion 8 - National Executive Committee

Conference believes that working time and working patterns across the economy need to be fundamentally reviewed and reformed in light of the experience of the Covid-19 crisis, and in response to the impact of new and developing technologies, the climate crisis, increasing caring demands, and demographic shifts including longer life expectancy.

Conference notes the successful introduction of home-working in sectors across the economy during the coronavirus pandemic, and endorses Fórsa's (August 2020) submission to the Government's public consultation on the

issue. Conference instructs the National Executive Committee to lead a campaign for expanded access to remote working and other employee-friendly working time flexibilities, accompanied by safeguards for workers including those who don't want to work remotely.

Conference also believes that reduced working time can be an important mechanism for maintaining employment as new technologies replace or change traditional jobs, and for sharing the benefits of improved productivity that flow from automation and other technological developments.

Conference therefore calls on the union's National Executive Committee and senior officials to continue to work for a steady and managed transition to a shorter working week for all employees in the private, public and community sectors, and to include in this work the short-term goals of:

1. Increasing the number of public holidays from Ireland's internationally-low number of nine
2. Securing four-day week pilots in appropriate public and private/commercial employments
3. Addressing additional hours introduced as part of the response to the earlier 2008-2013 fiscal crisis, as well as the excessive hours consistently worked by certain grades at the height of the coronavirus crisis
4. Developing, promoting and negotiating the implementation of remote-working and other arrangements that can improve work-time flexibility to the benefit of workers, employers and the economy
5. Developing and promoting mechanisms for work-time flexibility for workers approaching retirement, in light of increased life expectancy and other demographic trends.

## Union finances

### Motion 9 - National Executive Committee

That this Conference appoints Mary McPartlan, Gerry Monaghan and Tara Robertson as union trustees from the close of this 2020 National Conference until the close of Conference 2022, and appoints the following to the panel provided for in Rule 32 (iii); Gina O'Brien, Paul Carey, and Pierce Dillon.
